# GRANULAR FILLS/HARDCORE 22.06.15

**CLASS 1A - Table 6/1** weight approx. 2 Tonnes/m<sup>3</sup> **£8.45 per tonne**

- as per specification for Highway Works

125mm down. A well graded granular material. Suitable for roads/sites for moderate depth excavations (up to approximately 200mm) Requires a minimal amount of blinding to obtain a smooth finish.

**CLASS 1B - Table 6/1** weight approx. 1.7 Tonnes/m<sup>3</sup> **£7.95 per tonne**

70 – 125mm. A uniformly graded granular material which compacts well to give a very sound surface. The most commonly used hardcore for roads, sites, and foundations.

**CLASS 6N - Table 6/1** weight approx. 1.7 Tonnes/m<sup>3</sup> **£8.45 per tonne**

75mm down. Suitable as hardcore on roads/sites where excavations are shallow, (up to approximately 120mm).

**TYPE 1 - Table 8/2** weight approx. 1.85 Tonnes/m<sup>3</sup> **£8.45 per tonne**

50mm down. Well graded granular material recommended for preparing roads/sites prior to laying tar or concrete. This product compacts well and is easy to grade giving a smooth, sound surface for roads and drives, excellent for repairing pot-holes etc. Low water absorption.

**FILL – recycling material** weight approx 2 Tonnes/m<sup>3</sup> **£1.00 per tonne**

200mm down material, suitable for infill. (Moderate/high moisture content).

**TOP ROCK** weight approx. 2 Tonnes/m<sup>3</sup> **£3.95 per tonne**

Ungraded fill: Suitable for infill, farm tracks etc where excavations are deep. May contain large slabs of stone up to approx 600mm in diameter, and some clay. We recommend this product is spread with a tracked excavator.

**CRUSHED CONCRETE** **£5.25 per tonne**

A recycled material: suitable for shallow excavations i.e. roads and driveways. 75mm down. Similar to Class 6N.

**The above materials are derived from naturally sourced minerals and variations in colour may occur, therefore we do not recommend you use different batches on the same property.**

**Gravel & shingle products may have traces of naturally occurring iron which on weathering can cause localised staining. Orkney Aggregates Ltd cannot accept liability for these problems but can offer advice on suggested remedial work.**

## PAVING – Concrete 01.04.17

Please note that we cannot be held responsible for the natural fading of colours, or the fading of colours due to the phenomenon of efflorescent inherent in all top quality products with high cement content. This will generally weather off in the course of time.

### PLAIN PACK PRICES:

No discount will be given on pack prices:

Price per pack:	Grey	per pack	Slabs per m <sup>2</sup>
2' x 2' (600 x 600mm)	£94.00	20	2.8
2' x 3' (600 x 900mm)	£130.00	20	1.8

### PLAIN & RIVEN PAVING:

Price per slab:	Grey	Riven	Coloured Riven
1' x 1' (300 x 300mm)	£3.35		
2' x 1' (600 x 300mm)	£4.50		
2' x 2' (600 x 600mm)	£5.35	£6.50	£7.95
2' x 3' (600 x 900mm)	£7.15	£8.50	£9.95

**50mm thick.** All slabs are hydraulically pressed and, if properly laid, are strong enough to be driven over by a light vehicle. 600 x 600 and 600 x 900 slabs are also available in flagstone effect; the technical term is riven. The flagstone slabs are also available in buff and charcoal. Charcoal is similar in appearance to an Orkney flagstone. Slabs can be cut to order.

**Tactile mustard** (400mm x 400mm x 63mm)      **£6.95**

### EXPOSED PAVING SLABS

White, charcoal and gold

600 x 600 x 38mm	£7.90	34kg	25	2.8
600 x 300 x 38mm – non stock item	£4.50			
300 x 300 x 38mm	£2.85			

These slabs have the top layer of concrete sand-blasted away to reveal the aggregate in the slab. This leaves an attractive effect which is non-slip.

# PRECAST: LINTELS & SILLS

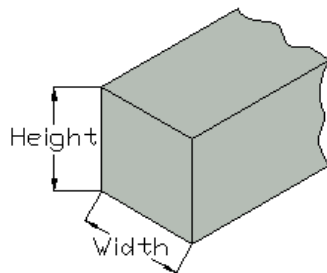

22.06.15

All our sills and lintels are made of C30 reinforced concrete. Lintels increase by 200mm up to 5 metres and Steel Mould sills start at 800 millimetres and go up in 100mm increments to 2.5 metres. Floated Finish sills can be any length you want, up to 3.5 metres. If we don't have the size you want in stock, we can make it to your requirements. Please note there is a one metre minimum charge.

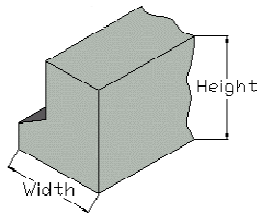

## LINTELS

Lintels normally have a textured finish to allow the rendering to adhere to them, but you can request a fair-face finish on one, two or three sides. Add **£12.00** per metre for one or two fair-face sides and **£17.00** for three.

**White or coloured sills or lintels 30% extra cost**
